TERMINAL HOTEL HAS CLOSE CALL FROM FLAMES

The Terminal Hotel building at Second street and Macdonald avenue had a rather close call from being destroyed by fire yesterday evening at six o'clock, but the prompt action of the fire department nipped the incipient blaze before it had got a fair start.

The fire started from an old oil burner in a stove in the rear of the Terminal printing office. Somebody turned on the oil and when a match was applied an explosion resulted. There was no damage.

DAY OF MUSIC IS ENJOYED BY RICHMOND CLUB LADIES

Yesterday was Hawaiian Music Day at the Richmond clubhouse and the ladies spent the afternoon in the enjoyment of the soft strains from the balmy islands of the Pacific.

This concludes a study of a series of nations and their music (the others were Mexican, Indian and negro) who, through their affiliation and connection, have contributed to the American music. Mexican music came to us from California, Arizona and New Mexico. The negro and Indian we have with us. While the Hawaiian is our latest acquisition and hence our most fervent love.

The motve of these studies was two fold: one was to understand their music and the other was to understand the peoples through their music, and so develop a more sympathetic feeling toward them.

Mrs. Fred Zimmerman, who is chairman of the music section, arranged a program, which all present agreed was the best of the series.

The program follows:

Piano Duet—Mrs. A. C. Burdick and Miss Ruth Newcomb.

Hawaiian Dance—Miss Grace Reid.

Paper — "Hawaiian Music," by Mrs. C. S. Gibson.

Vocal solo — Mrs. F. E. Kelley, with violin obligato of Miss Lucille Parson and piano accompanist, Mrs. Burdick.

Hawaiian songs by the High School Glee Club, under the direction of Mrs. Louse Robnson. The Glee Club members are Reece Hays, Raymond Bowers, Joe Gerlach, Cecil Moore, James Snyder, Howard Lemoine, H. Wilkerson, R. Greathouse, S. Cozzo, K. Hall, C. Lilly, M. Dabovitch and H. Walter.

Piano Solo—Mrs. L. K. Farren.

Violin Solo—Miss Lucille Parsons.

Previous to the music session a short business meeting was held, keen routine business was disposed of and delegates were elected for the state convention of the California Federation of Women's Clubs, which meets in Oakland from March 26th to 29th.

The delegates elected were: Mrs. A. C. Burdick, delegate, and Mrs. Brownie Maxwell, alternate.

The ladies of the club will hold a huge masquerade dance April 2, in answer to the earnest solicitation of the young people.

It is designated as the "Big Times Night," and it is planned to make this the red letter day of the Tuesday evening dances which have proven so popular with young people.

U. S. TROOPS ATTACK HUNS WITHOUT AID OF FRENCH TEACHERS

WITH THE AMERICAN ARMY IN FRANCE, March 12.—For the first time since they reached France, American soldiers have now attained such efficiency in the science of war that they are allowed to carry out operations against the Germans without the assistance of the French.

This was shown early yesterday when another raid—this one made exclusively by American troops—was directed against the German lines north of Toul. It was the first time that American raiders were not accompanied by French troops, and the operation was highly successful, the German position being penetrated to a certain depth.

Heavy losses were inflicted upon the Germans when several crowded dugouts were blown up.

Forty-five minutes' artillery preparations preceded the attack, which was carried out by picked troops. Much material and data was secured. No prisoners were captured, however.

The occupant of a German listening post in No Man's Land attempted to fire upon the Americans as they were returning, but the position was blown up with hand bombs.

CUTTING GIVEN FIVE DAYS TO PAY MONEY IN COURT

SAN FRANCISCO, March 12.—Henry C. Cutting, president of the Richmond Land and Improvement company has been given five days by Federal Judge W. C. Van Fleet in which to pay $500 in fees due Special Master in Chancery, H. M. Wright. Cutting asserted he did not have the money. He was given the five days in which to raise the sum, with the alternative of spending thirty days in jail.

RODEO MEN HAVE AN INTEREST IN NEW FERRY

Articles of incorporation for the proposed Rodeo-Vallejo Ferry and Transportation company will be filed within the next two weeks. The capital stock is placed at $200,000 with 2000 shares at $100 each.

J. P. Hanford and O. H. Klatt of Vallejo, and S. J. Slaeys and Jerry Mahoney of Rodeo are among promoters of the company. Already $59,000 worth of stock is said to have been sold.

ZEB KNOTT IS GIVEN HIGH OFFICE IN NEW MOOSE DEGREE

Of interest to the Moose members in Richmond and Contra Costa county will be the announcement that the Second Degree of that order was regularly organized in San Francisco on Sunday last by the supreme officers of the lodge.

The event last Sunday was in some features a sort of celebration over the fact that there are now upwards of 50,000 Moose who are members of Uncle Sam's Expeditionary forces in France and they are going every day.

Officers elected in the new lodge for this district which comprises ten cities of the San Francisco Bay District, were:

North Moose, A. Vander Naillen, Oakland.

South Moose, Zeb Knott, Richmond.

East Moose, James Casey, San Jose.

West Moose, T. J. Fretzner, Alameda.

Guding Moose, J. E. Cooke, San Mateo.

Custodian, H. Clarke, South San Francisco.

Argus, L. A. Eaton, San Francisco.

Treasurer, Frank C. Lucey, San Francisco.

Master of Work, Lee Bertillion, Oakland.

There will be ten meetings each year of the lodge, one for each of the cities within the district. The Moose members of the city will be particularly interested and gratified in the fact that a Richmond man was chosen to fill the second highest office in the lodge, that of South Moose and it is said that the selection of Supervisor Zeb Knott, was due to the fact that he is among the few men on the Pacific Coast who knows the work of the order from beginning to end and qualified to handle it without book or ritual.

At the conclusion of the business meeting a reception was tendered to the members of the supreme lodge. Speeches were made by Walter E. Dorn, Chairman B. B. Fulerwick, E. J. Heming, Charles A. A. McGee and Rodney H. Brandon, all members of the supreme lodge or San Francisco Lodge No. 26, Loyal Order of Moose.

MUSKETEER FILM THRILLS MANY AT T. & D.

A unique theme is presented in "A Modern Musketeer," the Douglas Fairbanks production released by Artcraft, which will be shown at the Richmond theatre today. The story deals with the chivalry of olden days brought up to date by the reincarnated D'Artagnan, the Dumas hero, whose spirit presumably lives in the character portrayed by Fairbanks.

Many Hopi and Navajo Indians take part in the production, which is a combination of thrills and humor. These scenes were taken in around the Grand Canyon of Arizona. While the scenes were being filmed Frank Campeau, who plays an Indian part, joined partnership with Fairbanks in a business deal.

It is the custom at the Canyon to pay an Indian one dollar to pose for a picture. One day Fairbanks corraled a party of twenty-seven at the El Tovar Hotel and told them of a wonderful Hopi Indian chief who had just arrived from a distant reservation in his full regalia. Naturally every one in the party with a kodak asked to see him. Douglas took them a mile and a half down the trail. Twenty-seven cameras clicked, and a minute later as many dollars were collected by Campeau and his make-up.

GRAND SENIOR WARDEN WILL BE GUEST OF THE MASONS

On next Wednesday evening, March 13th, at 8 o'clock, at Bank Hall, there is to be a meeting of the Masonic War Savings Society of Richmond. Mr. Charles Albert Adams, who is the Grand Senior Warden of the Grand Lodge of California, and who is also serving as Chairman of the Bureau of Speakers for the War Savings Campaign in California, will be present to address the meeting. The meeting is open to all branches of the Masonic Fraternity, members of the Eastern Star and to members of the Order of the Amaranth. The presence of so distinguished a visitor as Mr. Adams will lend great interest to the meeting and there will no doubt be a record breaking attendance.

CONGRESSIONAL DELEGATION ON THE JOB FOR RICHMOND

Both of California's senators took a prompt interest in the conferences with the United States Board of Engineers for Rivers and Harbors relative to giving Richmond the first $100,000 for the Inner Harbor. Communications from Senator James D. Phelan and Senator Hiram W. Johnson relative to this matter that were received sometime ago have just been given out by the Richmond Industrial Commission. They show that both the Senators were active in Richmond's benefit, which will meet with appreciation among citizens here, as the harbor project is expected to do more toward building up Richmond than any other factor.

Congressman Charles F. Curry, though confined to a sick bed, was just as effectively on the job for Richmond as ever, keeping in touch with the Board of Engineers and urging the favorable action which was subsequently taken, as announced in telegrams from Congressman Curry sent immediately the Board had granted the money.

Friends of Congressman Curry, and everybody in the community is his staunch friend, will be pleased to learn that he is mending and will soon be restored to complete health. He is attending to his duties in Congress just the same.

95,000 MORE MEN CALLED IN DRAFT TO MOBILIZE MARCH 29

WASHINGTON, Mrch 12 — A movement of 95,000 drafted men, to begin on March 29 and continue for five days, was ordered today by Provost Marshal General Crowder. The order calls troops from every state in the Union with the exception of Iowa and Minnesota. It is understood the movement will virtually complete the first draft and that it is part of the announced plan to call registrants in small groups as fast as they can be accommodated. The apportionment by States follows:

Alabama, 2634; Arizona, 148; Arkansas, 1541; California, 1745; Colorado, 323; Connecticut, 905; Delaware, 308; District of Columbia 102; Florida, 2506; Georgia, 5025; Idaho, 242; Illinois, 1961; Indiana, 2077; Kansas, 587; Kentucky, 1651; Louisiana, 3573; Maine, 340; Maryland, 982; Massachusetts, 2009; Michigan, 5536; Mississippi, 2220; Missouri, 1170; Montana, 521; Nebraska, 439; Nevada, 72; New Hampshire, 212; New Jersey, 4275; New Mexico, 127; New York, 12,298; North Carolina, 3174; North Dakota, 2647; Ohio, 6955; Oklahoma, 598; Oregon, 369; Pennsylvania, 7828; Rhode Island, 301; South Carolina, 343; South Dakota, 250; Tennessee, 2753; Texas, 3943; Utah, 247; Vermont, 136; Virginia, 2178; Washington, 638; West Virginia, 1514; Wisconsin, 2214; Wyoming, 134.

The war Department is prepared to supply clothing and other equipment immediately for all the men to be called out. Acting Quartermaster General Goethals now is pressing vigorously the deliveries of winter clothing to build up the reserves necessary for next winter.

The original issue to men mobilized in April would be winter clothing, but shortly thereafter they would be transferred into summer khaki. Ample stores of summer outfits for the entire army are on hand. Huge stocks are available both here are abroad.

An illustration of the progress made with clothing stores lies in the fact that every man sent abroad is equipped with a complete new outfit before he boards the transport.

The South Richmond Improvement Club met this afternoon at the home of Mrs. J. Misner, 417 Nevin Avenue and discussed further the plans for the new club house. The ladies of the club are rushing their plans and it is thought that the club in the very near future will be in new and up-to-date quarters.

"How Can I Save"

"I can hardly make ends meet as it is."

Don't fool yourself by such reasoning as this.

You CAN save if you WILL. Suppose your income were one dollar a week less—wouldn't you be able to "make ends meet?"

Of course you would.

Then just suppose that it is a dollar a week less—and every Monday morning bring that dollar down here and put into a savings account. Forget it! Don't hold it in your hand so long that it sticks! If you follow this plan you'll have a snug little sum put away almost before you know it.

Come down and put in the first dollar now.

PAYING THE DEVIL IN HIS OWN COIN

A Paris weekly newspaper is quoted as having given the following interpretation of what is going on in the mind of President Wilson. It says it is reported that President Wilson told Colonel House, before the colonel started for Europe, that when a big enough American army had been assembled in France, the president would send an ultimatum to Germany. If the ultimatum was not accepted within forty-eight hours the president would ask for a law to bar Germans and German goods from the United States for fifty years.

While it is hard to imagine the president talking like that in private he has said pretty much the same thing in public, but in very different words and in a different spirit. Everything depends upon the spirit in which overtures or threats are made.

The Germans seem not to realize what the trump card of the allies is. It is trade, friendship in the years to come. Every new success of the German arms in Europe closes automatically another gate of trade to Germany's future.

Picturing Germany emerging from the war still an autocratic government, the president said that it might be impossible "to admit Germany to the free economic intercourse" of nations, but "such a situation, inevitable because of distrust, would in the very nature of things sooner or later cure itself by processes which would assuredly set in."

In these words the president actually has conveyed the same thought as that expressed crudely by the Paris weekly.

But what are the processes that would set in? A gradual prying off of the autocratic yoke by German business interests. There is a shrewd realism in President Wilson's suggestion. He knows that everything must come slowly, where the traditions and sentiments of a whole people are to be revolutionized.

But whether there shall be a law barring Germany from the trade of the civilized world, after peace has been restored, or not, it is certain that a vast boycott of German goods will be imposed by public sentiment.

When the whole story of German barbarity and outrage has been told, the tide of popular indignation will rise so high that millions of people of this country never will buy a penny's worth of anything "made in Germany," it makes no difference what our government may say.

OUR EASTERN INTERESTS

While the interests of the United States in the Far East are considerable, Japan has not asked for permission to enter Siberia to protect entente property and there is no reason we can think of why she should. The Japanese treaty is with Great Britain, and relates to Japanese and British interests in Asia. France, Great Britain and Italy have asked Japan to take hold of and handle the Siberian situation in the interest of the entente allies. Japan will do so.

There is much more in the situation than protection of the vast quantities of military stores piled in the warehouses of Vladivostok. If the Teutons should get control of the Trans-Siberian railroad and its Siberian terminal, it would constitute a deadly menace to Japan's future trade interests and right in the Pacific.

Japan will gain much in this war. When peace is restored she will be the dominant power in China and eastern Siberia, the acknowledgement suzerain of the Far East, except, of course, India.

Furthermore, to have Japan interested in the colonization of the vast expanses of eastern Siberia will be to deflect attention from our western coast and will minimize the danger of future quarrels with this new but mighty power on the other side of the Pacific.

With a first class navy, a splendid standing army and three years of war profits which have made Japan from a bankrupt into one of the rich nations of the world, the mikado's empire is to be seriously reckoned with as one of the great powers.

If Germany can work anything like a stable government out of the revolutionary tangle in Russia she is welcome to the job. But she cannot do it, nor does she want to. Germany thrives on dissention—in other governments. It is her chief stock in trade and Russia is not the first government which has been wrecked by her agents and will not be the last unless the entente stirs itself to overcome her evil influences. For thirty years Germany has been engaged in well arranged plans of weakening other nations in this manner and she is just as busy today as she has been at any time during the past years.

The United States Treasury is now receiving a daily income from the buyers of War-Savings Stamps giving command to the Government over labor and materials sufficient to build two 5,000 ton ships. Help make it ten ships instead of two.

England saves France from Germany and Japan proposes to save Russia from Germany. War certainly can beat politics at making strange bed-fellows.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I was a clerk in the office of the number department of the S. P. Co., and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach. Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.
Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

ROUTINE BUSINESS TRANSACUED BY COUNCIL

The matter of the paving of Standard avenue has not yet been settled by the city council. People who are interested in the improvement of this important thoroughfare are not in accord with the idea of doing a makeshift job, but on the contrary believe it should be done in a permanent manner and while the latter method will cost more at the present time, it will be the most economical in the long run.

It has been proposed the street be done with a Richmodite wearing surface, but Ed McDuff, of the St. Francis Hotel and a former councilman is not in favor of that pavement. He says the traffic is too heavy on that street and he wants something better. On the other hand, the men who are promoting Richmodite claim that it will last as well or better than asphalt. Other than placing the license agreement of the Richmodite company on file no action was taken in the matter.

Cattle ranging in the Pullman section and owned by M. L. McNeill are proving a menace to the gardens in that neighborhood and also to the health of the people living there. Referred to the Commissioner of Health. That official told the council that the cattle are a sickly lot and he thought they should be taken care of in some manner. He will endeavor to handle the matter for the people interested in some way.

In the matter of the proprietors of the Pullman hotel, who are accused by Mrs. Charles Corda of selling liquor to her husband while he was in an intoxicated condition, the council set Friday evening as the time for a hearing in the case.

The Western States Gas and Electric Company delivered a check for $1043 to the Council, which is two per cent of their gross earnings for the past year.

The Certainteed Products company sent in a check for $1791.95, added cost of the larger sized sewer they will need for a new paper mill which they are now building. The check was accepted and the clerk and Mayor were authorized to sign the agreement.

The Santa Fe Railroad has at last delivered to the city the long desired easement on Front avenue. It was accepted and placed on file.

The city received notice of the hearing for increased rate petitioned by the Great Western Power Co., to be held in San Francisco March 18. Referred to the city attorney.

A jitney license was granted to A. B. Childs.

F. J. Frost was given permission to lay a sidewalk in the rear of his lots on Ripley, near Third. It is to be 100 feet in length and two feet wide.

The fire committee investigated the city's fire alarm system and found it practically worthless, so they recommended the Council to notify the Gamewell Fire Alarm Co. the installers, to bring the system up to the desired efficiency.

An ordinance ordering the opening of Clinton avenue passed first reading.

An ordinance forbidding the use of air guns and slug shots within the city limits was adopted.

The raising of the license fees for outside peddlers was laid over a week.

The opening of Tenth street was laid over a week.

A resolution for the rejection of the bids for the seawall was adopted and new bids advertised for March 15. The checks were ordered returned to the bidders.

The matters of sewers in the Brown Tract was laid over a week, meanwhile the Council will look over the grounds.

Health Officer Blake reports 32 births for the past month; 18 males, 14 females; 11 deaths.

Fred Kreig, Plumbing Inspector issued 22 permits, 15 new and four old, totaling $44.

Building Inspector Apperson issued 21 building permits, totaling $38.90; and 31 electrical permits, totaling $35.00. Total value of buildings being $13,335.

The men in the Street Department worked 253 1-8 days and the teams 31 ½ days; total cost, $332.22.

The city shows a grand balance of $323,424.77 on February 28.

Sanitary Inspector condemned the following meats: 1 hog, A. Wright, Modesto; 3 beef livers, Max Korn, County Line; 50 pounds of king fish, Paladini, San Francisco.

A resolution was adopted, declaring April 6 a day to be especially observed and urging people to meet in public assemblage to properly celebrate.

The Mayor introduced the resolution with a short speech, saying that it was the first anniversary of our entrance into the war and also the releasing of the Third Liberty Loan, and hoped that the war would not last another year.

The plans and specifications were accepted for a spur railroad trestle at the Municipal wharf. Bids were advertised for April 8.

BE CAREFUL AFTER FEVER, COLD OR GRIP

Many Fatal Cases of Kidney Trouble Can be Traced to oSme Infectious Disease

Colds, fevers and infectious diseases very often leave the kidneys weak. So little attention is given the condition of the kidneys during recovery from the original trouble that a severe attack of kidney disease often follows. Here's how it happens. The kidneys are worked hard enough in healthy times. They have to filter the blood. In any germ disease the blood is loaded with extra poisons made by the disease germs. This overwork tends to awaken the kidneys. After colds, grip, scarlet fever, typhoid, measles, pneumonia, diphtheria, tonsilitis or chisken pox, watch for backache and urinary disorders, and promptly use Donas' Kidney Pills. Richmond people have found Doan's reliable in many forms of kidney trouble.

Here is a Richmond experience:

Mrs L. E. Clark, 148 Thirteenth street, says: "An attack of the grip left my kidneys in bad condition and I suffered untold agony from lame back. I had severe and pains across my kidneys. I felt nervous and never seemed to get thoroughly rested up. I was troubled by shortness of breath and had headaches and dizzy spells, too. I got three boxes of Doan's Kidney Pills at Niedecker's Drug Store and they cured me, making me feel like a different woman."

The Past That Makes The Present Possible

Year after year since 1851 the Western Union Telegraph Co. has gone ahead, growing in scope and public usefulness. Now it uses one million, five hundred thousand miles of wire—goes into twenty-six thousand cities, towns and hamlets—and gives work to fifty thousand employees.

Today under war conditions, thousands of our boys in khaki are safer, happier, better clothed, better housed and better equipped because there is such a thing as a world-wide telegraph system.
